

Booking reference number:

## **This form is the start of a fantastic camper holiday!**

Make sure you both fill out the form carefully. Then you can be sure that all agreements are recorded and agreed to before the start of your holiday. This will avoid any hassle afterwards. The form is officially part of the rental contract

---

## **Fill out the form before leaving** this only takes 5-10 minutes

- 1) Check that all your personal details and the hire period are correct - if not, make sure to adjust them.
- 2) The owner writes down the names (max. 2) and driver's license numbers, and the current mileage.
- 3) Together you will check the outside of the camper carefully for damages. Make sure you take time to do this carefully. Also, on the inside, make sure that everything works properly, and the inventory is checked - note everything down.
- 4) The Holidaymaker will take a minimum of 4 photos of the camper.
- 5) Both sign the form, and both keep a copy or take a photo of it.
- 6) The hiring party must only ever receive one set of keys; any spare keys must be kept by the owner.,

When the vehicle leaves for a new holiday destination, both the holidaymaker and the owner then know that the damage and defects recorded on the form are the only one's present. The form acts as the guiding principle in any dispute between the owner and the holidaymaker at the end of the hire period.

-----

**Fill out the form before leaving** this only takes 5-10 minutes

1. The owner checks the mileage and whether extra mileage needs to be charged.
2. Together you check the vehicle both inside and outside for new damage. Record a list of "Defects or damages" and whether a charge will be added to each one after discussion with the owner. In case of disagreement, refer back to the pre-departure form and photos taken. The final costs of agreed damages are often not known until later.
3. In the case of any damage or defects, please make sure that you both take photos.
4. Both sign the form, and both keep a copy or take a photo of it.

In the case of damage claims, the form acts as the guiding principle in any dispute between the owner and the Holidaymaker. Any extra claims made by the owner afterwards must be plausible and backed up by evidence.
